Re: Formation of California Martial Arts Commission

Dear Commissioner Kim, Newly Appointed Officers and Members of Commission:

It is my distinct pleasure to congratulate you on the formation of the California Taekwondo Martial Arts Commission. This is a very important step for USA Taekwondo as we move forward into the 21st Century. Our Martial Arts Commissions are playing a vital role in developing the traditional martial arts side of our organization and in revitalizing USA Taekwondo.

We are proud to have you and our California members as part of USA Taekwondo and as a vital part of the Olympic movement. Please let me know if there is anything I can do to help you in our mutual endeavors.

Most Sincerely,

David M. Askinas
CEO
